Subject: Re: Comprehensive Master Plan

Dear Mr. Booth:

This is to thank you for sending the Comprehensive Master Plan and to voice our opposition to the North Bend Wind Project. It appears from our review of the Plan, the Zoning Ordinance, and the documents filed of record to date that the proposed project will adversely affect the use and enjoyment of the surrounding property owners as well as the community at large. Additionally, the planned obsolescence, or decommissioning, of this project and the inadequate provisions for that purpose pose a clear threat to the public good. We, therefore, urge the Board to deny the application for a conditional use permit.

Very truly yours,
Robert and Marsha Seidel
